WANT TRADE WEEK

40 PERSONS DISCUSS CO-OPERATIVE PLAN AT DINNER.

MAY BE DECEMBER 2-9

The Principal Inducement Will Be a Refund of Mileage to All Those Making Purchases in Maryville.

The co-operative week or trade week to be held in Maryville during the first week of December was the principal discussion at the Commercial club dinner last night. E. M. Claypool, secretary of the club, gave a general summary of the event which is to be inaugurated in Maryville for the first time.

The trade week is not a new proposition, having been successfully demonstrated in other places. In Columbia it met with much approval, and in a number of cases has increased the business of the town 15 to 30 per cent during the period in which it is carried on. Trade week, as discussed for Maryville, will be from December 2 to 9, and has as a basis the refund of mileage to those who trade in Maryville during the week. A refund of 5 per cent of each purchase will be made, and in addition it is expected that the merchant will offer many inducements in the way of bargains. As a customer makes a purchase the place where he has made the purchase and the amount is marked on a card. When all of the purchases have been made the card is taken to the Commercial club headquarters and the rebate is made. It makes no difference whether the person has traveled to Maryville by automobile, on the train, or even on foot, a refund will be given to him based on the amount of his purchase.

For instance, a $3 purchase will get a fare paid one way from Arkoe, or $5 for both ways. A $7 purchase one way from Barnard, or $13 for both ways.

Practically all of the advertising will be done through the newspapers, as the members of the club think the country can be thoroughly covered in this way.

Besides the trade week the secretary also explained the purpose and advantages of a commercial club. This was done principally to familiarize the women at the meeting of the methods of the organization.

George Robb Ellison presided as toastmaster. He also explained the prospects of a new hotel that has been proposed by an Omaha firm. He said that in case such a venture was undertaken here it would be as a corporation, the firm originating it taking $50,000 of shares and the other $50,000 being taken by local people.

Short discussions were made by members of the club and also by wives of the members, this being the first time in which women have been invited to a regular meeting of the club.

A three-course dinner was served and the tables decorated for the occasion with ferns.

It was explained during the meeting that the greatest good would be obtained if all the merchants would back the trade week and those who are not members will be given plenty of opportunity to co-operate.

NORMAL GAME TOMORROW

Bear Cats to Meet Springfield Team at Normal Park, With Good Chance of Winning.

The Springfield Normals will be here tomorrow to meet the Bear Cats on the Normal field. Their record is not known, but it is believed that the Bear Cats have the best opportunity of winning this game. The line-up that showed up so well in the last half of the Tarkio game will be used. But in the Tarkio game Scott, Wagers and Hubbard had practiced in those positions only a few times, so with the last week's practice a much better game is expected to be put on by the Normal. Andrews, who has been out of the game for some time, will be back in the line-up at end and will greatly strengthen the team. Classes will be dismissed after the first period in order that Springfield may finish in time to leave on the Burlington going south. The line-up for tomorrow is the following:

Brown, c.; Sawyers, l. g.; Hahn, l. t.; Wagers, l. e.; Nicholls or Lawton, r. g.; Byerrum or Gannon, r. t.; Andrews, r. e.; Pickens, q.; Hubbard, r. h.; Scott, l. h.; Girard, full; Bird and Farmer, subs.

The officials will be C. E. McBride, referee; Dick Wray, umpire; Belting, head linesman.

WILL TAKE OATH MARCH 4

No Lapse of Service Expected Because Wilson's Inauguration Day Falls on Sunday.

Special to The Democrat-Forum.

Washington, Nov. 16.—There will be no lapse in the service of President Wilson because of the fact that March 4, next, inauguration day, falls on Sunday, according to opinion reached at the state department. It became known today that on account of the reports that a lapse would occur and that Secretary Lansing would be acting president on March 4, a form letter explaining the law has been prepared at the state department to be sent out in answer to inquiries on the question.

While it is not expected that the formal inauguration of Mr. Wilson will be until Monday, March 5, he will be advised by Secretary Lansing to take the oath of office on Sunday.

If Charles E. Hughes concedes the re-election of President Wilson by next Friday, Vance McCormick, chairman of the Democratic national committee, probably will discuss plans for the president's inauguration with local Democratic leaders when he comes to Washington that day.

Usually the chairman of the inaugural committee, which has charge of the parade and other civic ceremonies is selected soon after the election. It is taken for granted by officials that the president, following out his plans of 1913, will have no inaugural ball.

ELECTION COST $1988.09

County Court Allows 386 Warrants for October, 259 of Which Were for Election Expenses.

The county court allowed 386 October warrants at its meeting this week. Of these 259 were warrants issued as payment for supplies and services at the recent election. The highest of the election warrants issued was $404.40, and the lowest was $1.50. The 259 election warrants amounted to $1,988.09, which was the total county election expense, with the exception of a few supplies, the bills for which have not yet been turned in.

Rev. Father Berthold of Conception is in Maryville today on business.

THE COURT DOCKET

ADJOURNED TERM TO BEGIN NEXT MONDAY.

EQUITY CASES FIRST

All Unfinished Business to Be Continued Until the December and January Terms of Court.

The adjourned term of circuit court will begin next Monday, with Judge W. C. Ellison on the bench, and will probably continue for one week. In case the work cannot be finished in one week, several cases on the docket will have to be postponed until December or else continued until the January term of court. This delay will be caused by the fact that the regular term of the Atchison county circuit starts November 27.

The date of the murder trial of Mrs. Clemma Gilmore will be set next week, and it is probable that the trial will be held some time in December.

On next Monday the court will consider motions and equity cases. The jury will report Tuesday and one of the cases set for that day is Ida Label vs. Chester Bennett for damages. The big damage suit of William H. Houston vs. the Burlington R. R. company is scheduled for Friday. The libel case of Dora A. Davis vs. Chester Bancroft is also scheduled for trial during the week.

Several of the criminal cases will be taken up during the week, and the others continued until January.

The January term promises to be a big one, as the indications are now that a grand jury will be summoned to investigate into alleged violations of the local option law in Maryville and over the county. Gaming will also be taken up by the grand jury. No grand jury has been called for some time.

BASKET BALL TEAM NEXT

Coach Hanson Promises That Players at Normal School Will Be Up to Usual Standard.

The basket ball team of the State Normal school will be up to the usual standard of several years past, according to Walter Hanson, athletic director.

There are several new candidates for positions on the team of 1916-17, and they are doing excellently in practice. Among those mentioned for places on the team are Homer Scott of Maryville, who played an excellent game at guard on last year's team, and "Dad" Scarlett of Fairfax, who was a star on last year's Normal team and was chosen as one of the players on the All-Missouri conference team. Scarlett is fast at center, and is being talked of for captain of the team. Neil Gerard of Pattonsburg is another veteran of the 1915-16 five. C. Ham, who starred on the Guilford high school team, is being considered for a place. Oscar Lollis of St. Joseph, a former star of the Benton high school team, is working hard for a berth, and J. Moon of Pickering is a candidate for Leech's place.

Mr. Hanson will go to Kansas City, Friday, Dec. 1, to attend a meeting of the Missouri Intercollegiate Athletic association, which will arrange a schedule for the 1916-17 conference games.

DR. WALLACE TO VISIT

Former Hopkins Man, Distinguished Shakespeare Scholar—May Come to Nodaway to See Relatives.

Dr. Chas. William Wallace, whose researches have earned for him the distinction in both Europe and America of being the foremost modern authority on Shakespeare, is an old Hopkins boy, being a son of the late Judge Wallace. He has been in London during the past few years in the works of unearthing new documents about Shakespeare, having been given a leave of absence by the authorities of the University of Nebraska, where he has the chair of English literature. Dr. Wallace has just returned from England, giving his first lecture in New York, and will later come west, lecturing in St. Louis and Kansas City. It is expected that he will visit relatives and old friends both here and at St. Joseph while in this state.

High School Team to Savannah.

The high school football team will go to Savannah tomorrow to play the Savannah team. A number of rooters will accompany the team.

MANY WITNESSES IN SUIT

Jury Completed in Jones-Wilkerson Damage Case Growing Out of the Villisca Murder.

Special to The Democrat-Forum.

Red Oak, Nov. 16.—Introduction of testimony was begun yesterday in the $60,000 libel suit of F. F. Jones, former state senator, against J. N. Wilkerson, private detective of Kansas City. Counsel informed the court that forty or fifty witnesses will be called for the plaintiff and about ninety for the defense. The jury is composed of eleven farmers and one barber.

Red Oak, Ia., Nov. 16.—The jury in the Jones-Wilkerson $60,000 damage case growing out of the Villisca axe murder, was completed late Tuesday, and with one exception, W. A. Saint, is composed of farmers.

The others are Franz Malmberg, C. C. Cool, Alfred Ambur, A. W. Johnson, Frank Craig, J. W. Watt, Carl Isaacson, G. V. Patterson and C. J. Kampe.

Judge J. B. Rockafellow, in seeking to estimate the probable length of time that will be required to hear the case, was informed by the attorneys that the defense has over ninety witnesses and the plaintiff fifty. The afternoon was consumed in the presentation of the case by the attorneys.

BOYS TO CONVENE

5TH ANNUAL MEETING OF MISSOURI'S OLDER YOUTH IN DEC.

SESSION AT SEDALIA

R. C. Pifer of St. Louis Urged to Send a Delegation from Maryville.

The fifth annual convention of Missouri's older boys will be held at Sedalia, December 1, 2 and 3. At that time about 600 boys from all over the state will meet for the purpose of discussing subjects of interest to the youth of the United States.

R. C. Pifer of St. Louis, in charge of boys' work for the state, has written a letter to Secretary Claypool of the Commercial club asking him to make an effort to arouse interest in the convention in Maryville, so that this city may be represented among the delegations.

Robert Magee, principal of the Maryville high school, has become interested in the convention and will endeavor to get a number of the representative boys of the city to make the trip.

Last year the convention was held at St. Joseph, and Maryville was the only one for the northwest Missouri towns that was not represented at the meetings.

The subjects discussed at the sessions are those which interest boys of all classes and in all conditions of life. Church work, athletics, social life, professions, trades, Y. M. C. A. work, and many other topics are taken up in the discussions, and the finest thing about them is that they are led for the most part by the boys themselves, who give from their own experiences the ideas that have proved most valuable to them.

Moreover, the advantages attending a trip of this kind are numerous. Boys from different towns are given an opportunity to get acquainted and in many cases form life-long friendships. The suggestions and ideas gleaned from the lectures are often applied with success to the problems of boy life in the various communities where the boys reside. On the whole, the vision of the boys is broadened and they are thus prepared for better citizenship.

COMPLETE ELECTRIC LINE

Ravenwood will soon be getting light from Maryville if the work of setting poles goes on as rapidly as it has in the last few weeks. The poles are now set to within less than a mile from Ravenwood, and the wiring of the houses has already begun. The citizens are anxiously looking forward to the time when this service will be available.

A marriage license was issued for Walter A. Cook of Conception Junction and Cecil May Wood of Guilford. Miss Wood not being of age, had the written consent of her mother so that the license could be obtained.

SIGNING PETITION

YOUNG MEN OF MARYVILLE ARE AGAINST IMPORTING LIQUOR.

TO WM. G. SAWYERS

Prosecuting Attorney Asked to Use Every Effort Against Bootleggers in Future.

The Young Men's Sunday School class of the First Christian church has in circulation a petition to be signed by the boys of Maryville, asking William G. Sawyers, prosecuting attorney to use every effort during the next year to bring to justice bootleggers, and to stop the importation of liquor into the county.

Mayor Robey, who is the teacher of the Sunday School class at the Christian church, helped the boys draft the petition and several boys are at work securing the signatures of the young men of Maryville. Ross McReynolds is handling the petition at the Normal School and Claud Glass is having it signed at the High School.

The text of the petition follows:

To the Honorable William G. Sawyers, prosecuting attorney of Nodaway County: We, the young men of Nodaway county, believing it wrong to permit the importation of intoxicating liquors in any form into our county since the people have spoken in such strong terms against it, hereby petition you as our prosecuting attorney to use every effort at your command to stop this traffic that is now being carried on so extensively.

SHOES ARE GOING UP

Consumers May Be Paying $15 to $20 a Pair for Shoes Before Winter Is Over.

Special to The Democrat-Forum.

Chicago, Nov. 16.—How does $15 a $20 for a pair of ordinary shoes around to you. Well, delegates to the convention of the National Association of Tanners, in session here, say these prices are in the offing and coming fast. And they are not the kind that go 'way up to meet the high skirt, either, but just the plain every day variety.

AMERICAN FARMER LEADS

Not Only Produces More Per Acre, But Also More Per Man Than Europeans.

Special to The Democrat-Forum.

Washington, Nov. 16.—The American farmer now leads his world rival in the field of competition, Secretary Houston today told the Association of American Agricultural Colleges and Experiment Stations.

"Already," said the secretary, "the American farmer is the most efficient farmer in the world. He does not produce more per acre but he does produce from two to three or four times more per man, or per units of labor and capital, than the European farmer. He is more alert, uses more and better machinery, and has more powerful agencies at his service than farmers of any other nation."

FOR DOUBLE CAMPAIGN

Villa Will Try Luck at Capture of Durango and Chihuahua—Bandits on Raid.

Special to The Democrat-Forum.

El Paso, Nov. 16.—Villa is preparing for a double campaign against the de-facto government in Durango and Chihuahua, according to information received today. Fear for the safety of Albert Harold, an American in jail at Chihuahua City, charged with stealing cattle, increased today by the failure of federal agents to bring about his release.

The Villistas who held up and robbed a passenger train at Tarrazas last night were engaged in a battle by the Carranzistas today but the result is unknown.

VENIRE LIST COMPLETED

Both Sides in McDaniel Case Given Until Saturday to Eliminate 28 Names.

St. Joseph, Nov. 16.—The list of veniremen for the McDaniel case has been completed, and both sides have been given until Saturday to eliminate the twenty-eight unnecessary names.

The twelve men who are left after the elimination will try Oscar D. McDaniel, county prosecutor, for the murder of his wife. It is probable that the taking of the testimony in the case will not begin until next Monday. If the opening statements of the state and the defense are lengthy a day or two will be consumed.

TEACHERS NOW AT ST. LOUIS

Missouri Association in Session With Largest Enrollment in History—Every County Represented.

President Ira Richardson of the State Normal School, and Professors W. J. Osburn and H. A. Miller left yesterday for St. Louis where they will attend the sessions of the Missouri State Teachers' association, which opened today.

It is expected Missouri will be the first state in the Union in association enrollment. From present indications at least seventy or eighty counties dismissed their local associations so that the teachers could go to St. Louis, and hundreds of towns gave a straight enrollment of 100 per cent, whether all teachers went to St. Louis or not. The enrollment from normal schools, colleges and universities is greater than ever. Every county in the state is represented. The association closes Saturday.

BAZAAR GRAND SUCCESS

Women Well Pleased With Auspicious Beginning of First Methodist Church Affair.

The success of the bazaar in progress at the First Methodist church under the auspices of the women of the church is exceeding all expectations. The chicken pie dinner served today was patronized by a large crowd, and all afternoon the women in charge of the booths were selling articles of all descriptions.

The booths are artistically decorated with crepe paper, and autumn leaves, and the various articles for sale are most advantageously displayed. The sales continue tomorrow.

BEAR CATS WON'T SHAVE

Take Oath Not to Use Razor Until They Make a Touchdown—Girls Not Pleased.

The Bear Cats of the State Normal school are determined to make a touchdown at the game with Springfield normal tomorrow. In fact, they are so determined that they have taken an oath among themselves not to shave until they make one. Any player who violates the agreement has to run the gauntlet.

This agreement has proved very obnoxious to the girls, and they have discussed several means of persuading the boys to shave. One of the plans was to collect a penny from each girl and present this offering to the boys to provide the necessary shaves. But they heard that the boys were conspiring to use this money for the picture show instead of for shaving, so they dropped the plan.

If the boys don't make a touchdown at tomorrow's game, the girls will get together and decide on some strenuous measures for bringing about a change of resolution among the football players.

IN FOUR THEATRES

FIGHTING IN PROGRESS WITH GREAT FEROCITY.

MACKENSEN RETREATING

Burns Villages as His Army Leaves Dobrudja—French Victors at Pressore.

Special to The Democrat-Forum.

London, Nov. 16.—All the way along the bloody highway battle which writhes its way through the four theaters of war from one end of Europe to the other, fightign is in progress today with a ferocity such as the world has never known. The gigantic armies of the world's mightiest empires are locked in a death grapple of quadruple engagements.

Huge Engagement on Somme.

Paris, Nov. 16.—More than a million men and five thousand guns are engaged along the forty miles of the Somme front in the most savage fight the world has ever known, while gigantic armies roll backward and forward and guns more ponderous than ever seen before, thunder in rear, pouring curtains of steel. Every death dealing apparatus that ingenuity knows is in use. Gas and tear shells spread death and suffering in their worst dreadful form. Tremendous losses mark this new stage of grand engagement of the Somme. The field is thick with corpses and some have lain for days amidst piles of wounded men.

French Take Pressore.

Counter attacks south of the Somme river last night again gave French complete possession of Pressore. Pursuit of defeated Bulgarian-Germans north of Tcherna was still in progress, it was officially announced. The French, Russians and Serbs are now within four miles of Monastir.

Germans Recapture Sailly.

Berlin, Nov. 16.—German troops recaptured the eastern part of Sailly from the French and took French trenches on the northern edge of St. Pierre and Vaast forest, the war office announced. A great battle between the British and Germans west of Bapaume continues. South of Somme the lines are unchanged. The Russians began offensive on the eastern front. It was officially denied that the Rumanians in Dobrudja captured Bonasoi.

War Rations Ordered.

London, Nov. 16.6—Both England and France will be put on war rations. All luxuries have been banned.

Preparing for Long Siege.

Amsterdam, Nov. 16.—All warring nations in Europe are preparing for many more years of conflict, and predictions now made are that there will be no peace before 1920.

To Change Command.

London, Nov. 16.6—There is to be a drastic shake-up in the high command of the Austro-Hungary armies, according to a Budapest dispatch. Changes are said to include the resignation of Field Marshal Baron von Hostzendorf, chief of the staff.

Petrograd, Nov. 16.6—Mackensen's army in Petrograd is in retreat, burning villages as they go, the Russian war office stated. The report says that the fighting is extremely fierce in Campolung.

MUSTEROLE

AS A WORK OF DEFENSE.

The Democrat-Forum has several times called attention to the need in Maryville for a modern Y. M. C. A. building. Since our first arguments were advanced conditions in Maryville have improved, but the need for such a building has thereby increased rather than diminished. Self-preservation, the first law of nature, should also be the prime consideration in communities.

When a man plays checkers he brings up men from the rear to guard the men pushed forward. When men are engaged in war, after a successful forward movement, they dig in, erect works of defense and prepare to protect their advanced positions. Otherwise their progress would soon be nullified.

It should be so in movements for better citizenship and better community life. We have held revival meetings designed to lead men and women to better things. We have convinced young men that their former haunts, their former places of amusement and former associates were improper and should be forsaken. But what, outside of the church, have we provided in their stead? We have voted by decisive votes that local option shall rule in Maryville and that the saloon shall be abolished as a loafing place. But what have we provided to attract men instead?

Man is an amusement loving creature. Young men must and will have associates and associations. When boys congregate there must be something more entertaining than formal discussions of the weather. If nothing is set before them, something will be sought and something will be found. So, it follows that good conditions should be re-enforced. The good farmer does not make one grand dash after the undesirable things in his field and then abandon the ground to weeds again.

In a small city a Y. M. C. A. building affords a wholesome gathering place. It affords wholesome and beneficial recreation and entertainment. Good exercise, good reading and desirable entertainment are furnished under good influences. The attractions in a small city are necessarily limited and a good gathering place for the young men is necessarily desirable. If the boys go right, the men will take care of themselves. The formative, impressionable period is the critical period in boy life.

That it is not a mere matter of dollars and cents is evident from the liberal support given the recent Scoville meetings. Now, why will not the same good people and others join in securing for Maryville a building that will re-enforce the good work done by these meetings, be permanent and continue its good work throughout ages to come?

As pinch hitters most any of the western states can qualify this year.

According to the Hopkins Journal, those who voted for the prohibition candidate for president cannot be accused of having designs on the local postoffice.

The St. Louis Republic of Wednesday has a sensible editorial addressed to the people of St. Louis on the subject of prohibition. It advises the business men of that city to quit deluding themselves by hiding their heads in the sand, take a look at the real situation and get ready for the inevitable.

THE PRESIDENT AND CONGRESS.

The people, in their earnest desire to sustain the great administration of Woodrow Wilson, apparently overlooked one of its most important pillars. The thing that makes for a successful administration is a wise and safe guiding spirit in the White House and perfect co-operation in the legislative branch of the government. It has been the rule heretofore for the house to go with the president in presidential years. In order to carry out any sort of a legislative program the president must have a friendly congress. The political complexion of the next house is still in doubt, and whichever way it falls, it will be too close to permit the execution of any legislation of a party character.

If the speakership of congress passes from Champ Clark to James R. Mann, the standpatter of standpatters, the administration will have sustained an irreparable loss and so will the people who voted to keep Wilson in the White House. It matters not what anyone may think or may not think of Champ Clark, the fact remains that, under his leadership, the house of representatives made a great record for the Democratic party, and supported the administration with unerring regularity. The house, under adverse control, will have no interest in promoting the success of Mr. Wilson's next administration, and will have every reason to throw stones in his path. As the responsibility must rest upon the head of the administration for its success or failure, the president should have congress with him whether he be Democrat or Republican.

MEXICAN PICTURE TONIGHT.

"The Heart of Paula" Shown at the Empire Shows Many Formalities of Race.

The absurd little formalities of Mexican courtship are amusingly shown in the coming picture, "The Heart of Paula."

This feature, starring Lenore Ulrich will be shown at the Empire Theatre tonight.

The band is playing in the stand in the center of the plaza. The crowd is typically Mexican with their bright colored garments.

The women, many with flowers in their hair, move in one direction on the outside of the walks. The men walking on the outside of the promenade move in the opposite direction.

Now and then some amorous youth buying "dulces" offers them embarrassedly to the chaperone accompanying an attractive girl.

Many such strange customs are graphically shown in this Pallas production.

CAST ONE VOTE FOR WINNERS.

L. D. Dowling Much Elated Over Picking Right Man Once.

L. D. Dowling of the Good Hope neighborhood, who is soon to take up his residence in Maryville, is very much elated over the election of Woodrow Wilson. Mr. Dowling is perhaps seventy years of age and has voted at every presidential election since reaching his majority, yet he had never, until this election, voted for a man for president who won. He belongs to no party, always voting for the man he believes best fitted to meet the needs of the hour, voting for Roosevelt four years ago.—Hopkins Journal.

Celebrates Birthday Anniversary.

Frederick Mutti celebrated his sixth birthday last Saturday by inviting his boy playmates of the first grade in school to be his guests.

The invited were, Gerald Meadows, Floyd Nichola, James Mulwee, Kenneth Clymens, Alferado Kysar, Norvel Sayler, Leroy Cox, Curtis Webb, Bonham, Robert and William Chaney and Elmer Moclenbrandt.

The boys all enjoyed a ride on "Sparkle," the Shetland pony, after which various games were played until time to cut the birthday cake, which was decorated with pink and white icing, mounted with six candles.

Ice cream and candy were also served, after which the guests departed, all wishing that birthday parties were more frequent.—Hopkins Journal.

Surprise for Sheleys.

Last Monday evening a crowd of a half hundred very pleasantly surprised Mr. and Mrs. Floyd Sheley, this popular young couple having but recently bought the old John Hittle farm, 3 miles northwest of Hopkins, and will soon move onto same. This surprise was given to show the esteem in which they are held by their friends and neighbors, the crowd bringing oysters and the "trimmings" for a sure enough oyster supper with them. All enjoyed themselves to the limit in social conversation, various games and music, several accomplished musicians being present. Mrs. Sheley is a musician, and when it came time to go she played by request "God Be With Us Till We Meet Again," all joining in singing this beautiful hymn. It was nearly 2 o'clock before the crowd departed, wishing Mr. and Mrs. Sheley much happiness in their new home.—Hopkins Journal.

SOLDIERS GOT RELIEF FROM SORENESS

Boys On the Border Relieved Their Pains and Aches With Sloan's Liniment.

Once upon a time Norman Jones, serving in the National Guard at El Paso, returned to camp after a strenuous 15-mile hike foot sore and leg weary. He had not been long in active service and his shoulders, back and limbs felt the after-effects of marching.

Remembering Sloan's Liniment, Jones applied it to the sore spots and went to bed. He writes: "I arose the next morning feeling fine; in fact, I had entirely forgotten about the hike and went out for a four-hour drill in the sun as spry as ever."

Private Jones passed the experience along, and many a boy on the border relieved the agony of sprains, strains, bruises, insect bites, cramped muscles, rheumatic twinges, etc., by the use of Sloan's Liniment.

Easily applied without rubbing. At all druggists, 25c, 50c and $1.00.

NEWS FROM ALL Northwest Missouri

A jar of pickles was the reward bestowed on Flora Todd and Reuben Darrel by popular vote for being judged the most love-sick couple at the Brooklyn box supper in Harrison county the other night. But they blushed in good cause; the proceeds of the supper exceeded $42

Everyone down this way is glad the election is over. The hot air prior to these elections is stifling.—Fairview correspondent of the Hopkins Journal.

If this is ever to become a really great sheep country we must have fewer dogs. Did you ever stop to think that we now have about ten times as many dogs as are really needed? Now that the election is over we might discuss this question around our firesides. It means more money for you, and with the increased cost of living, a little more money might not come amiss.—Hopkins Journal.

The Clay county town of Holt was visited by a disastrous fire Tuesday morning. Four business buildings were destroyed and as many others damaged. The fire loss is estimated by the Liberty Advance at $19,000, with $11,200 insurance.

To the office of the Bethany Republican came last week a country subscriber, W. L. Houpt, with the twelve issues of the American Agriculturist of the year 1865. This fifty-year old publication bears the name of Orange Judd as editor and publisher. It publishes the news of the importation of the English sparrow into this country, advertises Central Illinois land for sale at $9 an acre, and offers $100 in United States greenbacks for the largest frog to be sent to the Grand Exhibition of Bull Frogs at Park Row, New York.

Albany is recently under renewed obligation to one of its public spirited citizens, Prof. H. B. Parks, who has loaned the city library an extensive collection of Alaskan pictures, ores, curios, rocks and native handiwork, assembled during several years residence in Alaska. Prior to this he had made similar disposition of his valuable collection of Indian relics.

At a single shipment, 500 fancy White Leghorn pullets were started on a journey to South Carolina last week from a Harrison county poultry farm—the famous Sunlight Poultry Farm, owned by S. C. Carpenter.

At the end of sixty years' residence in Harrison county, Mrs. John Kemp died Nov. 1, aged 81 years, and survived by four generations of descendants—75 in all.

The death of the oldest Odd Fellow in the state—Albert Bruse, 88, at Mercer—is reported by the Princeton Post. Mr. Bruse joined the Odd Fellows in 1848. He was the father of seven children, and is survived by fifteen grandchildren, eighteen great-grandchildren and two great-great-grandchildren.

MARYVILLE ASTONISHED BY MERCHANT'S STORY.

A merchant relates the following: "For years I could not sleep without turning every hour. Whatever I ate caused gas and sourness. Also had stomach catarrh. ONE SPOONFUL buckthorn bark, glycerine, etc., as mixed in Adler-i-ka relieved me INSTANTLY." Because Adler-i-ka flushes the ENTIRE alimentary tract it relieves ANY CASE constipation, sour stomach or gas and prevents appendicitis. It has QUICKEST action of anything we ever sold. GIVING OUT.

The Struggle Discourages Many a Citizen of Maryville.

Around all day with an aching back,
Can't rest at night;
Enough to make any one "give out."
Doan's Kidney Pills are helping thousands.
They are for kidney backache;
And other kidney ills.
Here is Maryville proof of their merit

Mrs. W. A. Townsend, 423 W. Sixth street, Maryville, says: "At one time when having a lame and aching back and congestion of the kidneys, I used Doan's Kidney Pills. This medicine seemed to do the work right from the first. It removed the trouble with my back and generally improved my condition."

Price 50c, at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mrs. Townsend had. Foster-Milburn Co., Props., Buffalo, N. Y.

As compared to horses an automobile has one great disadvantage, as was discovered by Mrs. Bert Arnote, near Princeton, the other day. When the Arnote barn was suddenly found to be in flames, Mrs. Arnote rushed into the burning structure at the risk of her life and untied two horses, and they dashed out to safety. A Ford, which was standing in an adjoining stall, remained to perish in the ruins.

At one o'clock Friday morning a dangerous fire broke out in the rear of a Savannah restaurant. The fire bell had been ringing most of the night celebrating Wilson's victory so that a further ringing of it alarmed no one. Fortunately a crowd of Democrats were still jubilantly abroad and they promptly extinguished the blaze, holding the damage down to $700.

Savannah is to have a fifty acre town lot addition. It is being plotted preparatory for auction sale on November 28.

Already Rosendale has resumed the shipping of walnut logs, sending its second car for the season. And at Trenton, "the pussy walnut man, Little Joe," has renewed his call for walnut logs from 14 inches up, at prices better than ever before heard of.

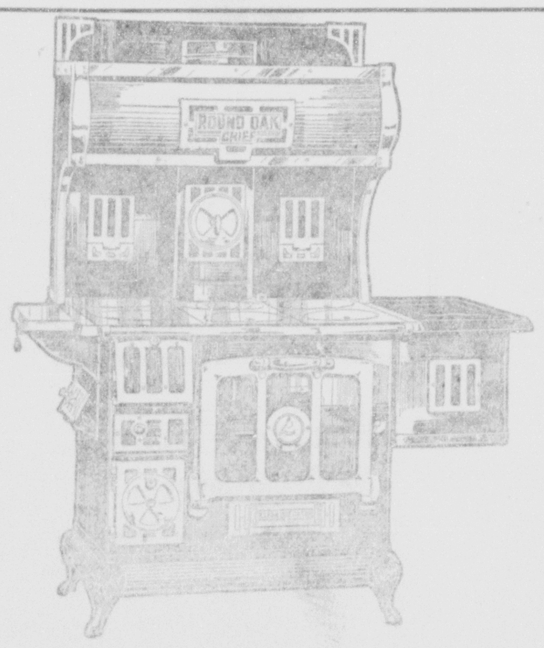
Round Oak Stove Construction

Has stood for more than two generations as the standard by which Stove Construction has been measured. And the Round Oak Chief built on these lines, triple walls, copper-fused soft steel, heavy copper reservoir.



To burn soft coal economically you must consume the 85 per cent of the gas of which it is composed. The R.O.D.B. is so constructed that it will do this, and that means a saving of 25 per cent of your fuel bill.

THE ROUND OAK with the double fire bowl and cone center, clinker-crushing grate makes not only the best Rounk Oak possible, but the most durable soft coal stove to be had, and it costs no more than others that are much shorter life.

THE NEW PERFECTION OIL HEATER has proven by actual service that it is safe and economical and does not throw off offensive gas or smoke, and is just the stove for early fall use.
